

FIGHT 4 CURE INC

ANNUAL REPORT 2022

FROM OUR PRESIDENT & FOUNDER

This year, you, our donor community, once again stepped forward to support our efforts to help promote the well-being of adult cancer patients with extraordinary results.

Together, we raised \$10,561.68. We are incredibly humbled by those who rallied together to show Fight 4 Cure Inc that you believe in our mission.

With your help, we achieved remarkable milestones that will further our mission of "**helping one individual at a time....fostering hope for individuals affected by cancer**". We launched the Mother's Day & Father's Day Giveaway,

Mammogram Assistance Program (MAP) and partnered with Patient Advocate Foundation (PAF).

You fueled these initiatives and more.

As COVID-19 continue to introduce many challenges for individuals affected by cancer, you were still there to help fund these support programs.

Thank you for being an integral part of our community.

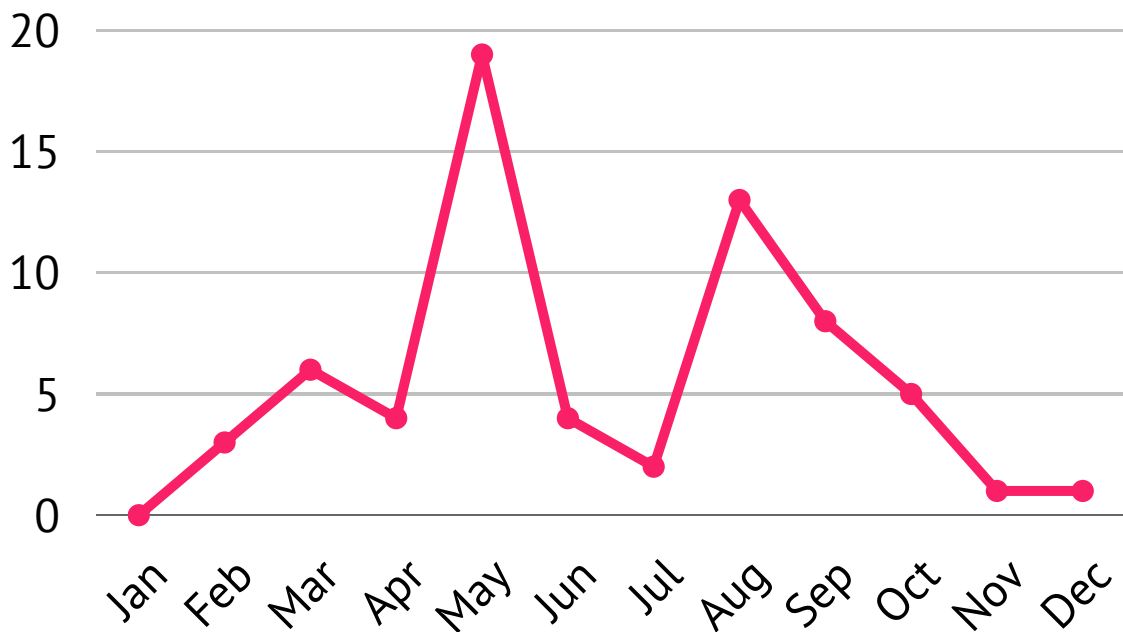

Dr. Lisa Wright

2022 HIGHLIGHTS

The stories of women and men in need of assistance while in active treatment, about to start treatment or in follow up care still has been really touching, and it continues to make us work tirelessly to do our best to be of service. “Over the next several years, Fight 4 Cure Inc’s primary focus will be on adult cancer patients throughout the United States....Fight 4 Cure Inc’s objective will be to let the greatest number of adult cancer patients know “They Are Not Alone” which is often present in underrepresented and underserved communities.”

WHAT SOME OF OUR PATIENTS ARE SAYING

"Thank you so much for the wonderful gift. I am so glad the Lord uses special people to brighten our days during our time of illness. May the grace of God continue to use you for many others with cancer". Donna

"I was so happy to receive your letter and the so generous grant today! I worry about finances and paying bills everyday....I am so thankful for this grant from you! People and programs like you and yours are so important to patients like me! I can't say enough how grateful I am, and your kindness will not be forgotten". Lisa

"I am so grateful for anything that was given to help me....the \$100 allowed me to get gas in my car and some household supplies. I am grateful for you. Thank you so very much". Vonnie

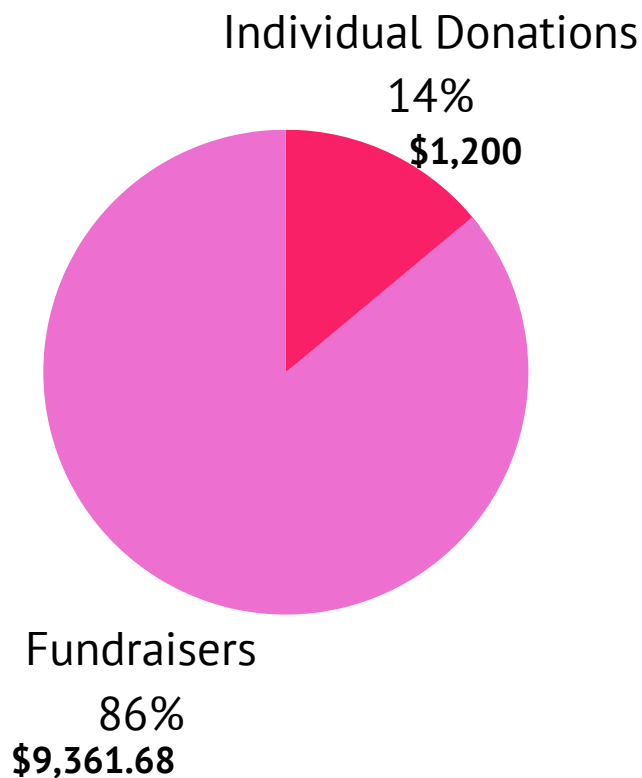

"The encouraging emails, and You Are Not Alone care box made my heart glad. The grant money I received through the charitable Patient Aid Program is very much appreciated. It will help with the expenses during my treatment. You know going through this fight is not easy, but having the Lord on our side and all the support around us, we will get through this. Thank you so much!" Barbara

"I received the care box and want to say thank you for everything". Andrea

FINANCIAL STATEMENT

Together, with donors like you, we are showing adult cancer patients "They Are Not Alone". We thank you for your help in making a difference in their lives. We share this achievement with you.

2022 INCOME SOURCES

2022 CHARITY PARTNERS

We would like to thank the following organizations and/or businesses for their fundraising efforts during Breast Cancer Awareness Month. Their generous contributions helped to further the important work of our organization in making a difference in the lives of adult cancer patients in active treatment, about to start treatment or in follow up care.

2022 IN-KIND DONORS

We would like to thank the following organizations and/or businesses for their generous gifts which we received in May 2022 for our Annual Charity Car, Truck & Bike Show. Their generous contributions helped to further the important work of our organization.

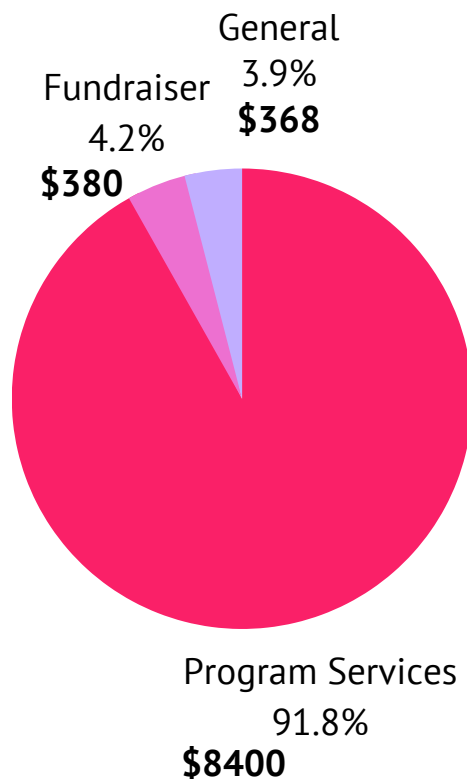

2022 EXPENSES

Since October 2018, we have relied on the generous donations by a small, group of private donors to fund majority of our general and fundraising expenses. Although we are grateful for our private donors, referred to as Champion Fighters, it hasn't always been easy! Hence, we would like for you, our donors, to take into account the detriment of the "Overhead Myth" because it could possibly prevent other critical dimensions of our financial and organizational performance from being considered.

This year, we incurred general expenses to improve our work in order to best serve the people and communities we provide services to. The general expenses include e-filing tax fee, bank fees, solicitation licenses renewal fees, etc. The fundraiser expenses include venue fee and event insurance.

Our commitment to transparency will inspire support from passionate donors, enthusiastic fundraisers, and loyal volunteers who believe (like we do) that we can make a difference! Our Champion Fighters allow us to plan for the future; thus creating sustainability and growth. And, their ROI is measured in the number of individuals affected by cancer we are able to assist.
